LED Lamp

HANECO

GU10 Retrofit Lamp

Ready for Modern Energy Standards

Haneco flicker-free, dimmable GU10 LED lamps are designed to replace traditional halogen lamps, offering flexible lighting control with a choice of 3 colour temperatures. Tested for compatibility with leading dimmer brands, they deliver reliable dimming performance, making them ideal for a wide range of residential and commercial applications.

Product Code	B6WDTRI-GU10
KEY INFORMATION	
Watts	6W
Lumen Output	600lm
Dimmable	Yes
Product Colour	White
Warranty	2yr
IP Rating	IP20
PHOTOMETRICS	
Efficacy	100±10%lm/W
CCT	3000K 4000K 6500K
CRI	≥80
SDCM	<6 (@3000K / 6500K)
Beam Angle	180°±25%
ELECTRICAL	
Driver	Linear
Supply Input	240V
Power Factor	≥0.55
Operational Lifetime	20,000hr
CONSTRUCTION	
Housing	Plastic +Al
Optics	PC diffuser, AL+PA Heatsink
Base Type	GU10
Dimensions	Ø50 x 60mm
Operating Ambient Temp.	Ta 25°C
Electrical Classification	Class 2

DIMENSIONS
