

AURORA

Residential Downlights

All features in a slimline package.

AURORA is the premium luminaire for residential spaces. Equipped with a cutting-edge RippleGuard™ driver, AURORA filters out specific frequencies (750-1050Hz) used by energy providers in QLD and NSW. It also features tritone colour selection and a remote flicker-free dimmable driver for visual comfort. The compact height allows for fast and efficient installation in tight spaces, making it suitable for various applications.

Features

- Tritone colour selectable
- Flicker free dimmable driver
- IC-4 rating (ta 25°C)
- IP44 rating (from below)
- Low profile design

Benefits

- Provides the choice of light hues from a single luminaire
- Adjustable brightness to improve comfort
- Allows for covered and abutted installations
- Suitable for wet rooms such as bathrooms & laundries
- Excellent for tight installations
