

BENZINA^{G3}

Lowbays

Versatile and compact

BENZINA^{G3} is the next evolution in canopy lighting, combining clean architectural lines with high-performance output. Designed for versatility, it features 4 power selectable up to 150W and 200W power options, allowing the higher wattage setting to reduce fixture quantities in high-mounting applications and help lower overall installation costs.

Features

- IP65 and IK08 rating
- Low profile design
- Versatile mounting options
- Various accessories available
- Power switchable
- Diecast aluminium construction
- Integrated driver with cable and plug
- Engineered and optimised optical lens
- High ambient temperature rating (>40°C)
- Optional DALI converter accessory available
- Optional plug in motion sensor

Benefits

- Ideal for outdoor applications
- Suitable for very shallow ceiling spaces
- Expand the lighting possibilities with different mounting configurations
- Tailor the luminaire to meet the application requirements
- Improved thermal characteristics for heavy duty applications
- Provides quick and easy installation
- Premium performance for premium applications
- Long lasting in hot environments
- Designed to integrate into a larger ecosystem.
- Retrofittable option to assist in energy usage or security lighting
