Unit: cd
 - C0/180 64.0deg
 - C90/270 44.1deg

Extra large architectural slimline.

ESODO EDGE 40m is a super slim yet extra large LED emergency EXIT sign for surface mount installation. With its blade style and slick edge-lit design, it provides safety in large scale high-end architectural applications, where 24m viewing distance isn't enough.

APPLICATIONS

- Schools
- Hotels
- Retail
- Galleries
- Exhibition Centres
- Factories
- Car Parks

SPECIFICATIONS

Viewing Distance:	40m
Type:	Maintained
Body Material:	SPCC
Housing Colour:	White
IP Rating:	IP20
AS/NZS Standards:	60598 / 2293.3
Warranty:	5yr 1yr (battery)
Driver:	Integral
Power Connection:	Screw Terminals
Input:	220-240V, 50/60Hz
Electrical Classification:	Class 2
Battery Type:	LiFePO4 3.2V 3300mAh
Charger Operation:	Continuous
Battery Test Button:	Manual
Lifespan:	>50,000hrs @Ta25°C (L70)
Operating Ambient Temperature:	0 to 40°C
