# KASTA

Edgy™ Series

SWITCH INTERFACES AND POWERPOINTS

KASTA offers simpler and smarter control solutions to enhance lifestyle.

KASTA combines Australian design and engineering with world-class smart home technology to provide a state-of-the-art collection of control interfaces and devices that use Bluetooth mesh network connectivity.
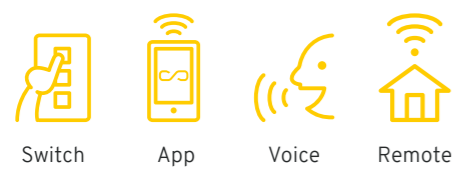

Solutions

| Residential | Multi-Residential | Serviced Apartments | Hotels | Offices | Commercial | Industrial |

Simple installation

✓ Suitable for retro-fitting or new builds

✓ No complex proprietary cabling (240V only)

✓ Does not rely on a Wi-Fi connection

✓ Does not require a specialist installer

Safe and secure

✓ High level encryption for data safety

✓ Child-lock control

✓ User network control

✓ Safe system sharing

Control methods

Switch   App   Voice   Remote

Smart energy saving

Timers   Master Off   Schedules

Curtains: OPEN

KASTA Dimmer, Switch Relay and Remote Switch Mechanisms simply clip into the back of Edgy™ switch plates and provide flexible control of connected lighting circuits or any other connected KASTA devices.
Control by using the wall switch, the KASTA app, a third party control interface or voice control through smart speakers.

Lighting Control

TOUCH   TAP   TALK
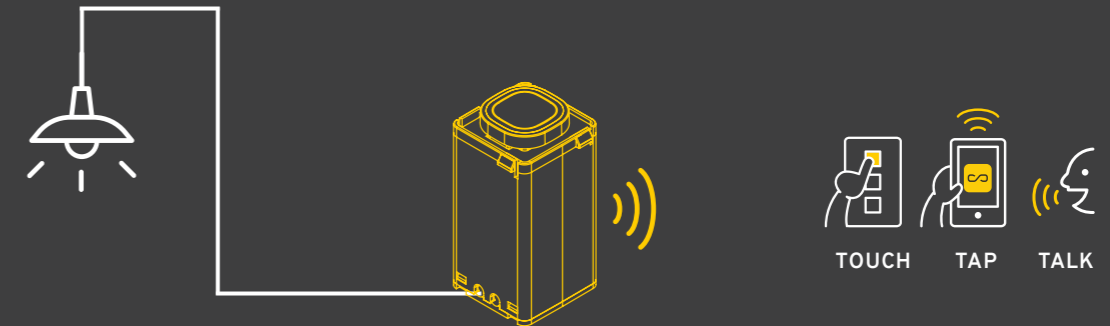

KASTA Dimmer and Switch Relay Mechanisms
for wireless dimming and ON/OFF control of a connected lighting circuit

Remote Switch Control

OR

TOUCH   TAP   TALK
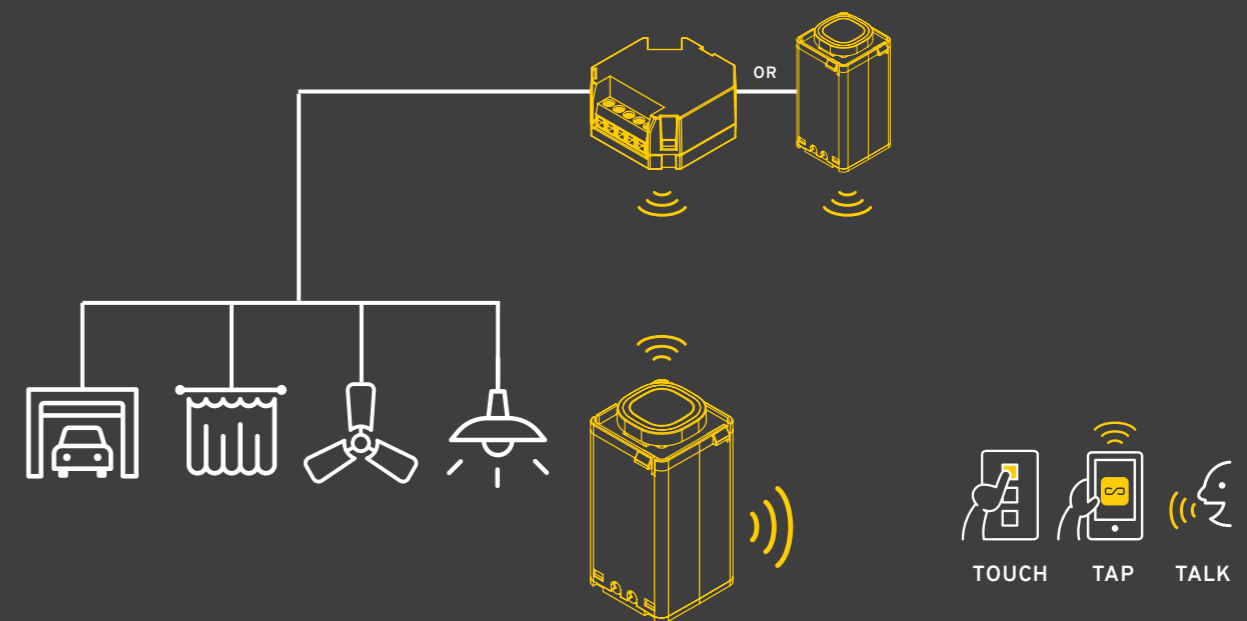

KASTA Remote Switch Mechanisms
for wireless control of any connected KASTA device

*Create a device group,
scene, schedule or timer
and enjoy one touch control.*

With no complex proprietary cabling required, and the ability to retrofit Edgy™ switches and powerpoints to existing wall mount accessories, it's never been easier to include smart control technology into any project.
