HANECO LIGHTING LED INSTALLATION GUIDE

OXFORD^{PLUS}

Thanks for choosing our **OXFORD^{PLUS}** batten products.
We strongly recommend that you read this manual carefully before installation.

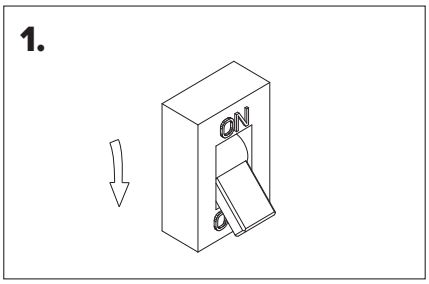

⚠ WARNING

- Installation must be carried out by a licenced electrician and in accordance with these instructions and relevant Australian standards and local regulations.
- Do not install any luminaire near any heat source.
- Before the installation make sure you have turned OFF the electricity supply.
- Ensure the product is connected to a 220-240V AC 50/60Hz power supply.
- If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or by a service agent or licenced electrician in order to avoid hazard.
- Non-user replaceable light source.
- The lens cover of the luminaire is secured by glue, unremovable.
- The warranty is void if product is not installed according to the instructions.
- Risk of overheating of fire if the clearance distances are compromised.

Product Code	Input	Colour Temperature	Power	Dimming Method	IP Rating	IK Rating	Operating Temp	Colour
OXFORDPLUS12	220- 240Vac, 50/60Hz	4000 K	23/30/35/40W	DALI dimmable	IP20	IK03	-20˚C - 40˚C	White

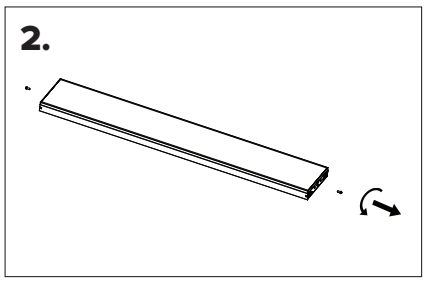

INSTALLATION INSTRUCTIONS

1.

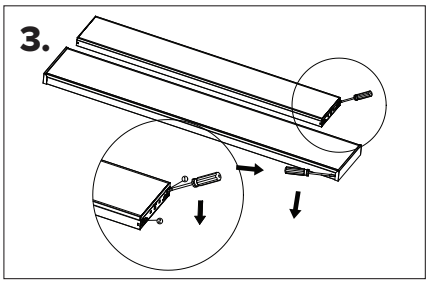

Switch OFF the power.

2.

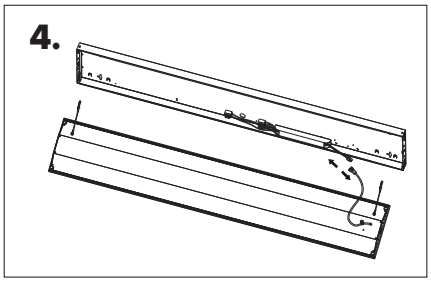

Unscrew the screws on both sides.

3.

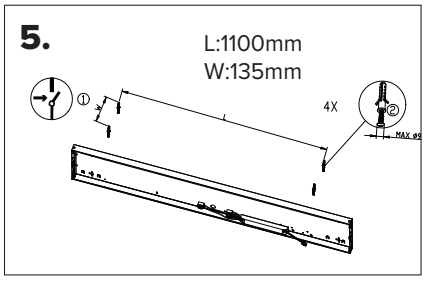

Use flat head screwdriver to press down the clips on each side. Life up the LED module.

4.

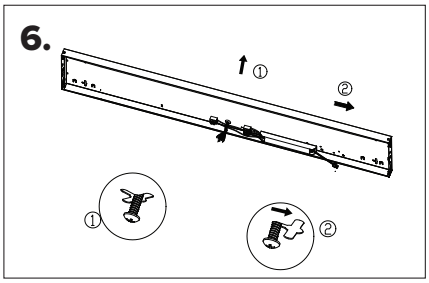

Unlock 2 safety rope and remove the LED module off from the body.

5.

Install 4 mounting screws (ST4.2X30)

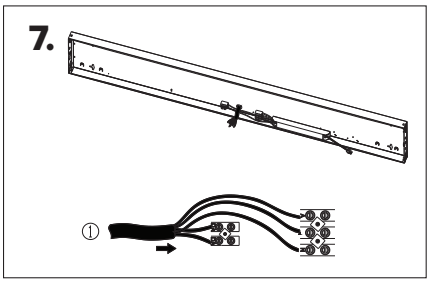

6.

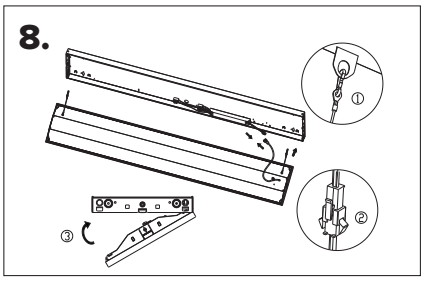

Lift the body and align the mounting screws with the keyhole slots. Slide the body to the left so the screws hold it in place, then tighten all the mounting screws.

OXFORD PLUS

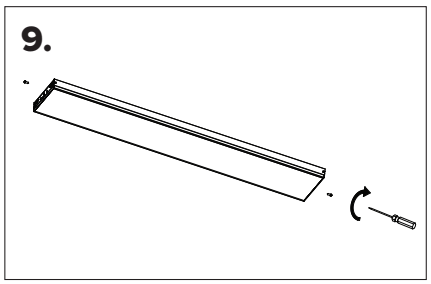

Thanks for choosing our **OXFORD PLUS** batten products.
We strongly recommend that you read this manual carefully before installation.

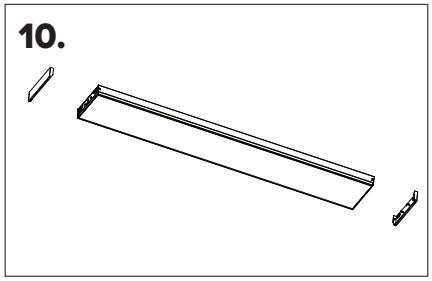

Connect power cable, Brown -A, Blue - N, yellow/green - E, and connect the DALI wire if required.

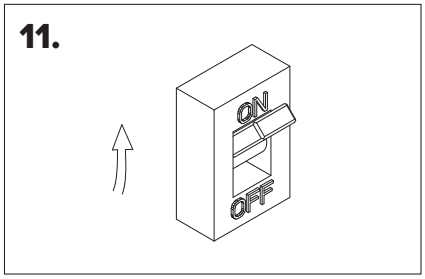

Hang the LED module to the body using the safety rope. Plug in the connector and push the other end to the metal housing.

Tighten the screws.

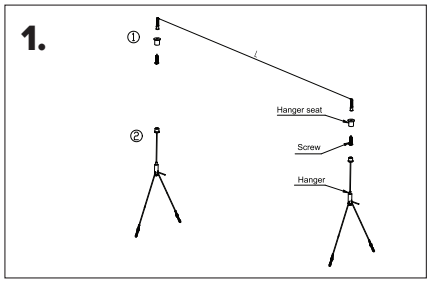

Close the end cap.

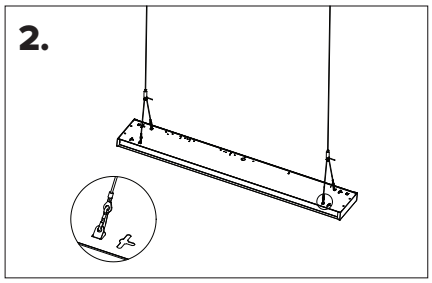

Switch ON power.

Suspend installation (Suspension kit not included)

Fix suspension kit to ceiling.

Fix the hook of the steel wire rope on the lamp body.
