SWITCH SORTED?

Dim it down with SOLO

Modern rotary dimmer for optimum dimming control

The SOLO LED Dimmer features advanced phase-cut dimming technology and an optimised dimming range for reliable, smooth and precise control of Haneco's dimmable luminaires.

SOLO350W

SMOOTH DIMMING

Advanced phase-cut trailing edge technology for precise dimming control of Haneco luminaires.

EASY INSTALLATION

Fits standard wall switch plates. 2 wire design.
Easily set min. or max. light levels via the dimming knob.

CAPACITY & FLEXIBILITY

350W capacity. Load bypass capacitor included.

NEED A DIMMER + SWITCH?

Use the Perfect DUO^{G2}

Stylish dimmer switch for complete ambience control

The DUO G2 LED Dimmer Switch has been designed specifically to dim Haneco's dimmable luminaires so you can be sure it will work as required.

DUO350WG2

INTEGRATED SWITCH

Two-in-one simple press ON/OFF and rotary dimming knob. The on/off function can be easily disabled to suit multi-way switching.

SMOOTH DIMMING

Advanced phase-cut trailing edge technology for precise dimming control of Haneco luminaires.

SUBTLE BLUE BACKLIGHT

Easy identification in the dark. If you don't want this feature it is easily disabled.

EASY INSTALLATION

Fits standard wall switch plates. 2 wire design. Easily set min. or max. light levels via the dimming knob.

CAPACITY & FLEXIBILITY

350W capacity. Load bypass capacitor included.

SMOOTH DIMMING CONTROL

GENIE

1-10V rotary dimmer mechanism

1-10V rotary dimmer mechanism for the smooth dimming control of commercial and industrial lighting products.

GN10VDIM-W

SMOOTH 1-10V DIMMING

Delivers precise control from low to high brightness.

SUITS MOST AUSTRALIAN WALL PLATES

Suits new or retrofit installs.

SET MINIMUM DIMMING LEVEL

Precise control.

COMPACT MECHANISM HOUSING

Fits shallow wall cavities and most mounting.

ADD A TOUCH OF SMART

KASTA Smart Dimmer

Smart dimmer switch with seamless wireless control

The KASTA Smart Dimmer features a slim design, soft touch push button control, and offers wireless control from any smart device.

KASTA-DM300BH-W

- ✓ **INTEGRATED SWITCH**
Two-in-one simple press ON/OFF and long press dimming button.
Add a KASTA Smart Remote Switch for up to 8-way switching and dimming.
- ✓ **SMOOTH DIMMING**
Advanced phase-cut trailing edge technology for precise dimming control of Haneco luminaires.
- ✓ **SUBTLE BLUE BACKLIGHT**
Easy identification in the dark.
If you don't want this feature it is easily disabled.
- ✓ **EASY INSTALLATION**
Slim design fits up to 6 in a standard wall switch plate. Perfect for retrofit applications.
2 wire design. Easily set the min. or max. light levels via the KASTA app.
- ✓ **CAPACITY & FLEXIBILITY**
300W capacity. Load bypass capacitor included.
- ✓ **APP CONTROL**
Convenient remote control from your phone including timers and scheduling.

FEELING CREATIVE?

KASTA Smart Remote Switches

Enjoy expanded control solutions with KASTA smart remote switch mechanisms

With KASTA smart remotes you can dim, switch, create scenes, schedules, timers and more!

WIRELESS CONTROL

Control any connected KASTA device through wireless Bluetooth mesh network connectivity. Use me for multi-way switching and dimming. The ultimate level of control flexibility.

EASY INSTALLATION

Fits standard wall switch plates. Perfect for retrofit applications.

IMPROVE DIMMING PERFORMANCE

LOAD CORRECTION DEVICE

Smart dimmer switch with seamless wireless control

The Load Correction Device is designed to improve dimming performance and load stability for leading edge, trailing edge, and universal dimmers. Suitable for dimmable LED and CFL loads. Operating at an input voltage of 220-240V and 50Hz, the LCDEV ensures efficient and stable dimming control in various lighting setups.

LCDEV

EASY WIRING SETUP

Simple wiring for quick installation.

STABLE DIMMING CONTROL

Improved dimming performance and load stability across a wide range.

ENSURES OFF-STATE

Reduces flicker or dim glow when the load is turned off.

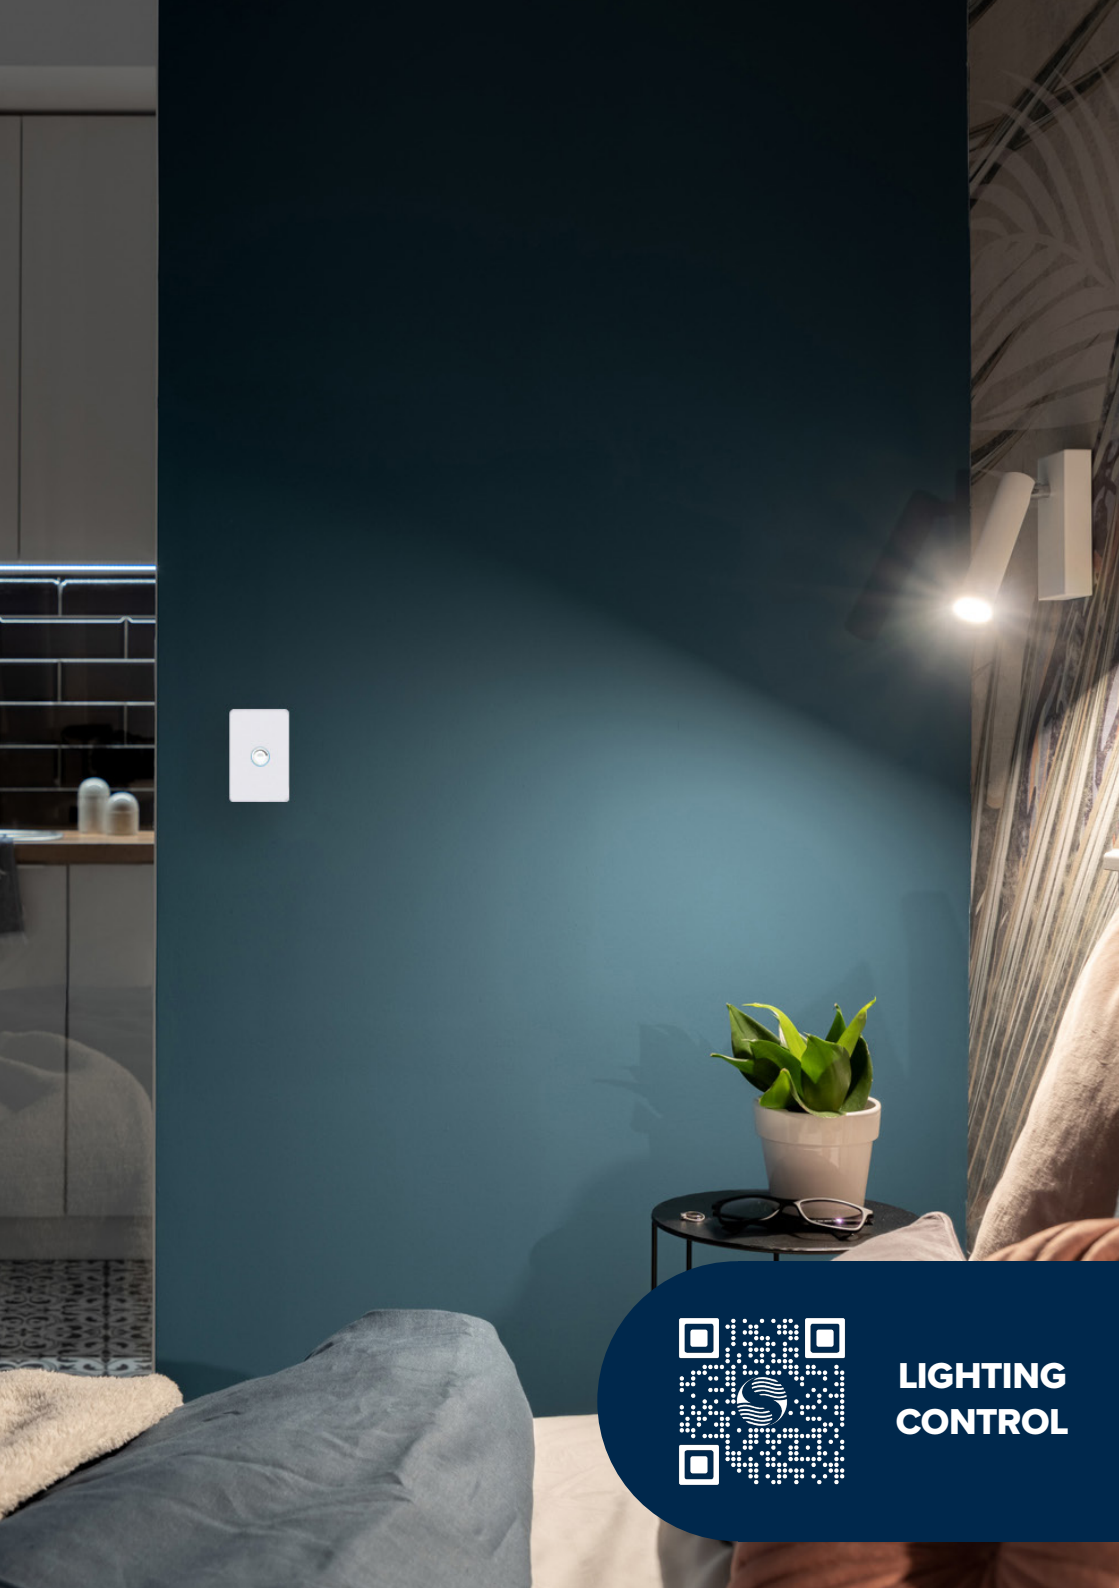

3 YEAR WARRANTY

3 year product warranty.
