TRIM11W4K50D	11W					
TRIM11W3K50DWW	11W					
TRIM22W3K50D	2 x 11W				Non-IC	

Installation Instructions

1. Cut a hole in the ceiling according to the cut-out size in the above table.
2. Insert plug and cable through the cut-out into the ceiling cavity and plug into a pre-wired socket outlet inside the ceiling.
3. Fold mounting clips up to the sides of the luminaire and insert luminaire through the cut-out. The mounting clips will retract onto the rear face of the ceiling and hold the luminaire in position.
4. Insulation of the 22W version cannot abut and cover the luminaire.

WARNING

If the external flexible cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or by a service agent or licenced electrician to avoid a hazard.

Non-user replaceable light source.

The light source contained in this luminaire shall only be replaced by the manufacturer or by a service agent or licenced electrician.

The lens cover is integral to the luminaire and cannot be removed without being permanently damaged.

WARNING

The luminaire must be installed by a professional electrician.
Always switch the power off when wiring the luminaire.
Ensure input voltage conforms to the voltage range of product.
Ensure wires are securely connected.
Before switching on, ensure that all the wiring is correct.
Warranty is void if product is not installed according to the instructions.
