### Adjustable modular design.

The highly flexible XBOX range combines multiple four-way adjustable LED downlights in square or rectangular frames, which can point in almost any direction.

### Features

- Individually four-way adjustable downlights
- Single, double and triple units
- Multifaceted reflector with clear lens
- Available in square or rectangular frames
- Complete with flex and plug

### Benefits

- Light exactly where you need it
- Almost unlimited flexibility
- Enhanced glare control
- To suit most design areas
- Quick and easy installation
