

**HANECO**  
IDEAS THAT SHINE

# HANECO FLOODLIGHT RANGE

**Powerful and efficient  
floodlights for a range of  
purposes**

## **THREE STYLES**

We have LUCIDO floodlights in four sizes, marine grade FLOOD from 30W to 150W and the high powered PARX. Whether you need to light a courtyard or a tennis court we have the floodlight that suits.

## **STURDY & WEATHERPROOF**

All our floodlights are rated IP65 and are made from diecast powdercoated aluminium.

## **EASY ADJUSTMENT & INSTALLATION**

The trunnion arm on our floodlights allows for simple adjustment and in the LUCIDO and PARX range it is angled for easy fixing with a drill.

## **MOUNTING OPTIONS**

The FLOOD range can be wall or ground mounted. There are tenon and pole mount accessories for PARX as well as a glare shield and wire guard.

**Versatile  
Floodlights**

# HANECO FLOODLIGHTS

**Powerful and efficient floodlights for a range of purposes**

## LUCIDO

Five wattages (10/20/30/75/100W) and four sizes make up our range of compact and stylish LUCIDO floodlights. At a 5000K colour temperature they are a softer alternative for residential applications.

## FLOOD/FLOODSL

Our FLOOD and FLOODSL range have a marine grade, powdercoated, diecast aluminium alloy body to resist the elements. They are ideal for car parks, sports lighting and security floodlighting.

## PARX

The most powerful floodlight in our range, PARX delivers the light you need at the efficiency you want.
