

# Shoplights and High Output Downlights

## High performance LED lights for retail & commercial uses

### High output downlights

Dazzling downlight solutions to give displays and hospitality environments a distinct lift. Suitable for tailored zone lighting and strong feature displays to very flexible & forgiving retrofit solutions.

### Easily repositionable tracklights

FOCI is the ultimate in aimable and controllable display lighting. You can illuminate displays with incredible precision with the narrow beam and 350° x 90° adjustment. Even the beam can be adjusted from 24° to 15°. The 3 circuit track allows 3 zones/displays to be separately controlled. Great for retail, galleries or architectural features.

### Pivoting display lights

A range of aimable, high output lights designed for larger spaces and special retail requirements with sideways illumination. Ideal for shopping malls, public spaces, restaurants and lobbies.

### Switchable dual intensity

Haneco's CENTAURI is a dual intensity shoplight in 3 sizes with adjustable Tritone colour output that can adapt to different requirements. Eligible for rebates under VEET, REES and IPART.

# High Output LED Downlights

**A range of brightness and colour temperatures suited to retail and hospitality applications**

## **AURORA SQUARE - low glare range**

High output AURORA SQUARE downlights have a recessed diffuser for glare control. There are 4 sizes from 13W and 910lm to fit a 90 x 90mm cutout, up to 28W and 2460lm to fit a 195 x 195mm cutout. A superb unobtrusive solution for many commercial environments. 5 year warranty.

## **MARS - feature focus range**

In 20, 30 or 40W, this faceted downlight with clear lens is an excellent energy-efficient alternative to conventional fittings. The deep set LED and specular reflector give a confined, dimmable 60° beam. Perfect for feature lighting. 5 year warranty.

## **CENTAURI - versatile & forgiving**

The incredibly versatile 6-in-1 CENTAURI is a thoughtfully designed diffused downlight that allows you to adjust intensity and colour temperature to suit changing needs. There are 3 sizes - 10/15W, 15/25W & 20/30W, all with switchable Tritone that lets you choose between warm white, neutral white or cool white. 5 year Warranty

## **VIVA145 - fills the gap**

The VIVA 145-TRI is ideal for retrofits of larger conventional downlights (the old 'pot' style downlights) that leave a larger hole to fill. It provides an ideal solution to replace some of the older downlights or for use as a high lumen output downlight. They also have the convenience of Tritone which allows you to select warm white, neutral white or cool white. 4 year warranty.

**Attract  
customers**

# Versatile & Aimable LED Shoplights

## Adaptable range of high output retail lights

### **STELLAR – 30° pivoting display range**

The popular STELLAR range with a deep set LED and 30° pivoting action is perfect for targeting displays or frequently changing exhibits. From 3W for architectural accents through to larger and more powerful 9, 15, 20, 30 and 40W versions to suit a multitude of spaces and situations. 5 year warranty.

### **CEDAR SNORKEL - 90° pivoting feature light**

A powerful (38W, 3200lm) shoplight with an intelligently designed snorkel pivot that allows up to 90° of adjustment with a well defined 60° beam angle. Unbeatable for dramatic wall displays. 5 year warranty.

### **CEDAR – Powerful 70° pivoting area light**

With an impressive 4000 lumen, and ability to pivot up to 70°, the CEDAR is a genuine hard worker in larger commercial/ public spaces such as lobbies and airports. The VEET/REES/ IPART approval and very clean lines make this the popular choice for shopping centres and galleries. 5 year warranty.
